

## Assembler (m/w/d) Full Time in Germany and Austria

Valve Service Pein AG with Valve Service GmbH in Austria and Valve Service Hellas in Greece is internationally active in the field of valve and actuator service. Our specialty are fittings of the IMI Group and due to our excellent service in terms of customer proximity, reaction times, support and work execution, customer inquiries are constantly increasing.

### What awaits You?

- A workplace where, despite professional and precise workmanship, fun is not neglected
- Interesting work assignments mainly between 1-3 weeks and in Europe
- During the induction phase, generally accompanied by one or more of your experienced team colleagues
- No monotonous repetition of activities, but constantly changing countries, customers and challenges
- A team of colleagues who, ideally, don't just spend their working hours together

### What we offer to You?

- An employer who is still aware that he cannot achieve anything without his team and who is a team member next to you
- Financial security through a permanent employment contract
- Good pay
- Vacation and Christmas bonuses
- A high degree of personal responsibility
- Good opportunities for advancement

### What we expect from You?

- Training in a technical profession
- Experience in fittings
- A high level of technical understanding
- Strong sense of responsibility
- Good communication skills for dealing with customers
- Knowledge of English
- Basic knowledge of Microsoft Office

Are we the employer you are looking for, are you the new team member that we need?
